

# Water/Drainage bucket

For all excavators between 17,600–39,700 lbs (8–18 metric ton)

engcon's water & sewerage bucket – specially designed for excavating water and sewerage channels, and other utility tasks calling for a deep-digging bucket with a somewhat longer baseplate where a cutter without teeth is required. Like the other buckets in engcon's range, the water and drainage bucket is reinforced with Hardox at the most vulnerable points.
